

City of Warren
Mayoral Proclamation
Designating November 2023 as
Lung Cancer Awareness Month

- Whereas, lung cancer is the leading cause of cancer death among men and women in the United States and Warren, accounting for more deaths than colon cancer, breast cancer, and prostate cancer combined; and*
- Whereas, according to the Centers for Disease Control, there were 3,846 new lung cancer cases and 2,538 deaths because of lung cancer between 2016 and 2020 in Macomb County; and*
- Whereas, screening for lung cancer for high-risk individuals using low-dose computed tomography can lead to the earlier detection of lung cancer and save lives, reducing the mortality by 20% when compared to screening by chest x-ray in the National Lung Screening Trial (3) and reducing the risk of death at 10 years by 24% in men and 33% in women as demonstrated by another large randomized trial; and*
- Whereas, women diagnosed with lung cancer are more likely to be younger and never-smokers, lung cancer incidence and mortality rates in women are rising relative to men, more women die from lung cancer than breast cancer every year and by 2035, it is expected that more women will die from lung cancer than men; and*
- Whereas, organizations working in Michigan such as the American Lung Cancer Screening Initiative and Women's Lung Cancer Forum, are committed to educating about lung cancer and lung cancer screening and working to increase lung cancer screening rates in Warren; and*

Now, therefore, be it resolved that I, James R. Fouts, Mayor of the City of Warren, Michigan, hereby proclaim November as Lung Cancer Awareness Month in 2023, and recognize the need for research in lung cancer affecting women and lung cancer health disparities, and encourage all citizens to learn about lung cancer and early detection through lung cancer screening.

Mayor James R. Fouts
City of Warren, Michigan
