

**Office of the Mayor
Hot Springs, South Dakota
Proclamation
“Lung Cancer Awareness Month”**

WHEREAS, lung cancer is the leading cause of cancer death among men and women in the United States and in South Dakota in 2022, accounting for more deaths than colon cancer, breast cancer and prostate cancer combined and;

WHEREAS, according to the centers for Disease Control, there were 3,060 new lung cancer cases and 2,110 deaths because of lung cancer between 2014 and 2018 in South Dakota and;

WHEREAS, screening for lung cancer for high-risk individuals using low-dose computed tomography can lead to the earlier detection of lung cancer and save lives, reducing the mortality by 20% when compared to screening by chest x-ray in the National Lung Screening Trial and reducing the risk of death at 10 years by 24% in men and 33% in women as demonstrated by another large randomized trial and;

WHEREAS, women diagnosed with lung cancer are more likely to be younger and never-smokers, lung cancer incidence and mortality rates in women are rising relative to men. More women die from lung cancer than breast cancer every year and by 2035, it is expected that more women will die from lung cancer than men and;

WHEREAS, organizations such as the American Lung Cancer Screening Initiative and Women’s Lung Cancer Forum, are committed to education about lung cancer and lung cancer screening and working to increase lung cancer screening rates in Hot Springs.

NOW, THEREFORE, I, Mayor Robert Nelson and the City of Hot Springs do hereby proclaim November as Lung Cancer Awareness Month in Hot Springs and recognize the need for research in lung cancer affecting women and lung cancer health disparities, and encourage all citizens, to learn about lung cancer and early detection through lung cancer screening.

IN WITNESS WHEREOF, I have hereunto set my hand this seventh day of November in the year of our Lord two thousand and twenty two.

Robert Nelson, Mayor

Attest:

Jeff Temple, City Administrator
