

## *proclamation*

### PROCLAIMING NOVEMBER LUNG CANCER AWARENESS MONTH IN THE CITY OF POWELL

**WHEREAS:** lung cancer is the leading cause of cancer death among men and women in the United States and Ohio in 2020, accounting for more deaths than colon cancer, breast cancer, and prostate cancer combined; and

**WHEREAS:** according to the Ohio Department of Health, there was an average of 96 new lung cancer cases and 67 deaths because of lung cancer per year between 2012 and 2016 in Delaware County; and

**WHEREAS:** the 5-year survival rate for localized lung cancer is ~59%, yet only ~17% of lung cancers are diagnosed at this stage; and

**WHEREAS:** screening for lung cancer for high-risk individuals using low-dose computed tomography can lead to the earlier detection of lung cancer and save lives, reducing the mortality by 20% when compared to screening by chest x-ray in the National Lung Screening Trial (3) and reducing the risk of death at 10 years by 24% in men and 33% in women as demonstrated by another large randomized trial; and

**WHEREAS:** funding for lung cancer research trials is far behind funding for research of many other cancers, and additional research is needed in early diagnosis, screening, and treatment for lung cancer as well as in lung cancer affecting women and lung cancer health disparities; and

**WHEREAS:** women diagnosed with lung cancer are more likely to be younger and never-smokers, lung cancer incidence and mortality rates in women are rising relative to men, more women die from lung cancer than breast cancer every year and by 2035, it is expected that more women will die from lung cancer than men; and

**WHEREAS:** organizations working in the Powell community, such as the American Lung Cancer Screening Initiative and Women's Lung Cancer Forum, are committed to educating about lung cancer and lung cancer screening and working to increase lung cancer screening rates in Powell.

**THEREFORE,** I, Frank Bertone, by virtue of the authority vested in me as Mayor of the City of Powell, Delaware County, Ohio, proclaim November as Lung Cancer Awareness Month in the City of Powell, and encourage all citizens to learn about lung cancer and early detection through lung cancer screening.
