

Proclamation

WHEREAS, lung cancer is the leading cause of cancer death among men and women in the United States and in Doña Ana County in 2021, accounting for more deaths than colon cancer, breast cancer, and prostate cancer combined and according to the Centers for Disease Control, there were 457 new lung cancer cases and 355 deaths because of lung cancer between 2013 and 2017 in Doña Ana County; and

WHEREAS, the 5-year survival rate for localized lung cancer is ~59%, yet only ~17% of lung cancers are diagnosed at this stage. Screening for lung cancer for high-risk individuals using low-dose computed tomography can lead to the earlier detection of lung cancer and save lives, reducing the mortality by 20% when compared to screening by chest x-ray in the National Lung Screening Trial and reducing the risk of death at 10 years by 24% in men and 33% in women as demonstrated by another large randomized trial; and

WHEREAS, funding for lung cancer research trails far behind funding for research of many other cancers, and additional research is needed in early diagnosis, screening, and treatment for lung cancer as well as in lung cancer affecting women and lung cancer health disparities; and

WHEREAS, lung cancer incidence is decreasing twice as fast in men as it is in women, each year more women die from lung cancer than breast cancer and by 2035, more women will die from lung cancer than men; and

WHEREAS, African Americans have the highest lung cancer incidence and mortality of all races, and disparities in lung cancer screening, diagnosis, treatment, and mortality are well characterized among African Americans and other racial minorities; and

WHEREAS, lung cancer in never smokers is the 7th leading cause of cancer-related death and accounts for 17,000-26,000 deaths in the US every year, 60-70% of never smokers diagnosed with lung cancer are women, and the proportion of lung cancers diagnosed in never smokers is increasing in the US; and

WHEREAS, organizations working in the Las Cruces community, such as the American Lung Cancer Screening Initiative and Women's Lung Cancer Forum, are committed to educating about lung cancer and lung cancer screening and working to increase lung cancer screening rates in Las Cruces.

NOW, THEREFORE, WE, the Mayor and City Council of the City of Las Cruces, New Mexico, do hereby proclaim the month of November as:

"LUNG CANCER AWARENESS MONTH"

And recognized the need for research in lung cancer affecting women and lung cancer health disparities and encourage all citizens to learn about lung cancer and early detection through lung cancer screening.

ATTEST:

Christine Rivera
Christine Rivera, City Clerk

Ken D. Miyagishima
Ken D. Miyagishima, Mayor
